Temperatur und Niederschlag

What wonderful summer weather: We start tomorrow at 6 & 7 for the THU-evening ride at Tramstrasse 109, another Tourguide is in the parking lot of the "Park im Grüene" (Migros Rüschlikon) waiting, the start there is at 6 o'clock. The destination of our tour is a wonderful area, where we have a grill-evening! We will be at the place around 8, so we have another 1 ½ hour before darkness. I bring drinks (non-alcoholics) and bred, Bratwurst and Cervelats to the place. If you like something better, you have to bring it yourself ☺ I will start at 7 ad I will ride with my group nearly directly to the place, not being late.
